Oh, just a little problem.

Compiling with MSC this:

```
int TabCtrl::Find(const Ctrl& slave) const
{
    for(int i = 0; i < tab.GetCount(); i++)
        if(tab[i].slave == &slave)
            return i;
}
```

I get this:

warning C4715: 'Upp::TabCtrl::Find' : not all control paths return a value
