Hello,
Would it be possible to add IsExecutable() method to FindFile? Implementation is quite simple, for
Linux: `bool FindFile::IsExecutable() const { return (!IsDirectory()) &&
((S_IXUSR|S_IXGRP|S_IXOTH) & GetMode());}` And for windows (this could be optimized):`bool
FindFile::IsExecutable() const { return ToLower(GetName()).EndsWith(".exe"); }`
What do you think?

Best regards,
Honza
