dolik.rce wrote on Tue, 23 March 2010 23:34Hi Max,

Simple IPC class I wrote some time ago could solve your problem. There were some problems I don't have time to fix right now... But most of them are in the both way version and your problem can be solved in simple client-server mode. If you are adventurous enough, have a look in this thread

Regards,
Honza

Thank you, honza
Maybe I'll take a look today and try to implement a bazaar class for it.

Ciao

Max
