Dolik.rce, thank you very much!  
Now all ok, package "upp" installed.

Nlneilson, thank you very much!  
make && make install work correctly  
(i need [except build-essential] libx11-dev libxft-dev libgtk2.0-dev libnotify-dev gdb),  
but very slow, and Upp not updating automatically.

Again, many thanks!!!
