kohait00 wrote on Fri, 06 August 2010 14:28why not have a

String ToString() const;

function for them as well? making possible

LOG(containerInstance) ;

this kind of idea i posted into 'code style', really liked it in C# beeing able to inspect no matter which class instance in debugger..

Well, I have a little problem with creating a single String here, as the result can get pretty big. Perhaps it is non-issue, but...
