Subject: Re: what is the situation with MDI and Dock widget in U++? Posted by fudadmin on Fri, 28 Apr 2006 10:38:13 GMT View Forum Message <> Reply to Message

or how to make something like this: http://doc.trolltech.com/4.1/qdockwidget.html#details or MFC CDocument? As I understand, some docking features would be useful for toolbars anyway?
