luzr wrote on Fri, 15 October 2010 13:46 Why we like POD:

```
static Tuple2<int, const char *> data[] = {  
    { 1, "Kvuli" },  
    { 2, "Tomuhle" },  
};
```

Point taken... I'll have to read bit more about how to keep a type POD.
