Howk

I heaw problem in public Ctrl

serwis_ide.h

```
class SYSTEM_LAY : public WithsystemLayout<TopWindow> {
 public:
 ChartBOA chartsystem; //my class!!!
typedef SYSTEM_LAY CLASSNAME;
 SYSTEM_LAY(){
  chartsystem(7);//this is problem?
  Add(chartsystem.LeftPos(0, 800).TopPos(0, 550));
  //chartsystem.SetMaxSerii(7);//this is OK}

//chartsystem.SetMaxSerii(7);//this is OK
 but I want in constructor set param my chart, NATURALLY if this no conceivably I USE metod SetMaxSerii
D:\JOWISZ\serwis_ide\/serwis_ide.h: In constructor 'SYSTEM_LAY::SYSTEM_LAY()':
D:\JOWISZ\serwis_ide\/serwis_ide.h:40: error: no match for call to '(ChartBOA) (int)'

class boa : public WithboaLayout<TopWindow> {

 SYSTEM_LAY systemL;
...
boa::boa()
{
 CtrlLayout(*this, "SERWIS");
 CtrlLayout(systemL);
...
class ChartBOA : public Ctrl
{
private:
int MaxSerii;
...
public:
 typedef ChartBOA CLASSNAME;
 virtual void Paint (Draw& w);
 void SET_Serie();

 ChartBOA(int maxserii=16);
 void SetMaxSerii(int amaxserii){MaxSerii = amaxserii;}
...
```

ChartBOA::ChartBOA(int maxserii) : MaxSerii(maxserii)

I do not know if I have used well class Ctrl -inheritance-
