Mindtraveller wrote on Mon, 17 January 2011 15:21 IMO we MUST have subforums for each U++ team project.

+1. Long time ago that was the idea behind " U++ users applications in progress..." where I expected 1 thread per project. But then came the name bazaar which now reflects the nature it... (russian word "bardak" would reflect better)

Maybe we could use some stages similar to Archlinux repos like AUR, trusted users-community etc. Ideas?
