Hi everyone,

Our package theide-svn just got mentioned as an "Interesting package" in weekly newsletter on Rolling Release (online magazine aimed at Arch Linux). The article can be found at <http://rollingrelease.com/general/2011/03/last-week-in-arch-linux-march-7-14-2011>, but don't get too excited - it basically just mentions that theide exists. But I guess even that is a step forward for our PR.

Many thanks to the person who decided that theide is worth being mentioned there!

Honza
