tojocky wrote on Thu, 17 March 2011 09:21can you test "ZMQ_HelloeWorld_Srv" and
"ZMQ_HelloWorld_Clnt" from bazaar?
I tried to test "ZMQ_HelloWorld_Clnt" with "SocketServer" but it seems to be incompatible.

I will try.
Have you tried with 3226 or earlier?

edit: How do you get to "bazaar" in theIde??

I copied the three ZMQ folders from bazaar to examples.
Both the _Srv and _Clnt have multiple errors:
ZMQ.lib(dist.obj) : error LNK2001: unresolved external symbol __imp__zmq_msg_close

Have I missed linking something?

Neil
