nixnixnix wrote on Tue, 10 May 2011 19:10Thanks EDIT: there are no build methods and I am not sure how to add them. Ubuntu says that g++ is already installed. Should I go back to Ubuntu 10.10 just now?
There should be GCC.bm in /usr/share/upp/, just copy it to the newly created /home/<user>/.upp/theide/ (this should be done during install, probably a bug too...).
