Subject: Re: GridCtrl help needed
Posted by bushman on Tue, 31 May 2011 14:55:34 GMT

Thank you so much for your clarification!
It works fine now, once your recommendations were implemented. Anyway, how could I know?
Thanks again!

By the way, since you are there, could you please take a look at the other post a couple
messages below this same newbie section and provide me with a hint on how could I possibly
restrict clicks to just one GridCtrl row? The post title is Restricting GridCtrl Selection to just One
row [message #32622] (sorry, dont't know how to refer you to the msg directly by a link using this
forum).

Once again, many thanks!
