http://www.ultimatepp.org/srcdocOleocx$en-us.html

trying to follow!

tested ole calculator from examples and don't work.

I have been attached a simple example:

if in
void upp_test() function
or in
STDMETHODIMP CMyClass::MyMetod(BSTR *StrokaIn, BSTR *StrokaOut) method

decomment the String initialization variable line then I can't load the library in other system
(www.1c.ru)

Please Help!
