Hi there,

I'm trying to change the background color of a EditField but no matter what the background of the field is just black.

```
LAYOUT(testLayout, 376, 140)
ITEM(EditField, ef, LeftPosZ(24, 64).TopPosZ(12, 19))
END_LAYOUT
test::test()
{
    CtrlLayout(*this, "Window title");
    EditField::Style sd = ef.StyleDefault();
    sd.paper = White();
    sd.text = Red();
    ef.SetStyle(sd);
    ef.Refresh();
}
```

The text color is red but the background isn't it. Whats my fault?
