mirek wrote on Wed, 14 December 2011 07:23 While generally I agree that U++ docs are still wanting, I would say this particular thing is documented quite well:

[http://www.ultimatepp.org/src\\$CtrlLib\\$ArrayCtrl\\$en-us.html](http://www.ultimatepp.org/src$CtrlLib$ArrayCtrl$en-us.html)

(the very first paragraph about indices and columns).

Well, I have to admit that even after reading the doc I still don't understand what it does
