I see what u mean but upp tells me

Quote:e:\ultimate++\myapps\urlaub\SQL.h(25) : error C2091: function returns function

e:\ultimate++\myapps\urlaub\SQL.h(27) : error C2440: 'return' : cannot convert from 'Upp::Sql' to
'Upp::Sql &(__cdecl *)'(void)'

```
Sqlite3Session sqlSession;  
One<Sql> sql;  
Sql& SQL()  
{  
    if(!sql) sql = new Sql(sqlSession);  
    return *sql;  
}
```

Line 27 is return *sql;
