Subject: Re: Cripto with CryptoPP
Posted by koldo on Sat, 18 Feb 2012 20:06:30 GMT

Hello Rui

Please check this version. It seems to work perfect for MinGW and MSC. It is now a pure console app (CryptoPP_demo).

It uses latest CryptoPP.

Best regards
Koldo

PD: Included a couple of fixes and now works perfectly with gcc 4.6 in Ubuntu 11.10.
