fudadmin wrote on Fri, 09 June 2006 21:23I guess my agg package should work with any pre-new-image Draw. That means before B605? Luigi, have you tried with MSC?

I've removed every track of MSC on my computer. One day, perhaps, I'll try again to install this 1 gigabyte compiler. I think too the problem is the compiler and include. Let's wait what other users will report.
