dolik.rce wrote on Thu, 06 September 2012 09:01Never mind the umk... I think I found the problem

The file CtrlLib/ChGtk.cpp starts like this:#include "CtrlLib.h"
#include "ChGtk.h"

#ifdef GUI_X11
#ifndef flagNOGTK
The ChGtk.h include should be AFTER the #ifndef ChGtk.h...

Can you try to modify the sources and rebuild to confirm it will work then? And someone with commit rights to CtrlLib, please fix it

Honza

Hello Honza,

I've modified the source code, and I can confirm that now it works. Thank you.

Regards.
