Subject: Re: Xmlize has problem with WithDeepCopy<Array<...

Posted by Mindtraveller on Wed, 31 Oct 2012 05:36:34 GMT

I do use xmlization for U++ arrays without a problem.
The error you posted seems to me strange as WithDeepCopy is a pure helper-class and must not lead to any problems of this sort.
Could you post minimal excerpt from your code to show how your "problematic" classes are organized?
