nlneilson wrote on Fri, 07 December 2012 13:45sock.Put("-- BEGIN FRUIT LIST --\n");

for(int i = 0; i < FruitList.GetCount(); i++)
sock.Put(FruitList[i] + '\n');

sock.Put("-- END FRUIT LIST --\n");

Each sock.Put would be a different connect/disconnect, not good.

What makes you think that?
