ScrollArea::ScrollArea()

```
{  
    SetWorkSize(Size(1000,1000));  
    AddFrame(sc);  
    Add(work);
```

```
    sc.HideX(); //  
    // sc.HideY(); // ADDED uncomment to hide...
```

```
    sc.WhenScroll=THISBACK(Scroll);  
    // AddFrame(ThinOutsetFrame());  
    AddFrame(ThinInsetFrame());  
}
```

OK?

Yes, it is OK.

Thank you
