Subject: Ultimate++ vs WTL and others? Posted by skan on Sat, 16 Feb 2013 18:46:59 GMT View Forum Message <> Reply to Message

Hello

How does Ultimate++ compare to WTL? (longer code, easier to learn, faster...) (I know that U++ has it's own development GUI)

I know that these ones aim to develop games, but what if one just wants to create an intereractive menu or the minesweeper game?
