Subject: Quiz: What is wrong with this code?
Posted by mirek on Mon, 10 Jul 2006 21:16:57 GMT

```
struct Rect_ {
.....
 Pt    CenterPoint() const            { return Pt((left + right) / 2, (top + bottom) / 2); }
.....
};
```

...should compute the central point of Rect...

(...fixed).
