Subject: Re: scrolling without Frame and wrapping Ctrl?
Posted by fallingdutch on Tue, 11 Jul 2006 13:28:00 GMT

Hi, fudamin,

I want to be able to put different Ctrls inside the non scroleable Area.

Yes, I had a look at your scrolleable area, but I dont want Scrollbars and with Scrollbars you put a Frame around the scrolling area.

thanks for your answer, Bas
