Subject: Re: How to make a Skylark app accessible from outside?
Posted by dolik.rce on Thu, 20 Jun 2013 19:04:22 GMT

Hi lectus,

I have no problems with this and I'm using Skylark apps in several different setups...

On what platform are you trying it? And what is your configuration? Have you checked if the app listens on all addresses or just on localhost?

Best regards,
Honza
