nlneilson wrote on Sun, 23 June 2013 22:34The link you had to the 'U++ framework' or API can that be downloaded or is there plans to have it so it can be downloaded for offline use?
Actually, possible to access the same topics from U++ TheIDE:
1. Assist -> Help Topics (or F1) menu bar.
2. Used packages -> CtrlLib -> Reference -> Static widgets (or just use "SetLabel" text for Search).

Also there is uppbox/uppweb package to generate html documentation.

Sorry for offtopic.
