Subject: Re: ide console output unreadable characters Posted by mirek on Sun, 25 Aug 2013 08:19:27 GMT View Forum Message <> Reply to Message

Ah, thanks, you are right. Anyway, I feel like FromSystemCharset is a good idea, so I have moved it to Append:

WString t = Filter(FromSystemCharset(s), sAppf).ToWString();

Please check whether it works for you...

Mirek
