Subject: Json Date/Time support
Posted by mirek on Sun, 06 Oct 2013 11:18:54 GMT

JSON standard does not directly support Date/Time, which causes troubles when using it. Anyway, I have found a neat trick

 http://weblogs.asp.net/bleroy/archive/2008/01/18/dates-and-j son.aspx

which seems quite reasonable, so I have added support for Date/Time in JSON in this manner.
