Hello unodgs, the changes in r6450 works fine.

Can you give advice about replacing Column alignment by Row alignment?

```
GUI_APP_MAIN
{
    TopWindow wnd;
    GridCtrl grid;

    wnd.Add(grid.SizePos());
    grid.AddColumn("C").AlignCenter();

    grid.Add();
    grid.Set(0, 0, "c");
    grid.GetRow(0).AlignLeft(); //not work
    wnd.Run();
}
```
