Subject: Re: [SysInfo - Improvement - Koldo] Better way to find distribution version & more Posted by koldo on Sun, 20 Oct 2013 08:00:13 GMT View Forum Message <> Reply to Message

Hello Klugier

LoadSystemFile() could be a good name.

These files (many in Linux) cannot be opened by LoadFile because it is not possible to know their size in advance, they are like pipes.
