Subject: Re: GraphCtrl/GraphDraw Candidat to bazaar upload
Posted by Didier on Wed, 15 Jan 2014 22:38:56 GMT

Hello again Ralph,

I just uploaded to SVN, some modifications concerning namespace management and #include of tif.h.

I hope this will fix you're MSC10 compile issue.

Can you try and post if the compilation was successful or not please.

If it doesn't compile, I will need the complete compilation output if possible.

Thank's
