Hello Koldo,

Why ideas page dosen't contain any idea? It seems that Mirek commited his ideas. (SVN revision number 6900).

Koldo, did you send request to Google? Personnaly, I think that in meanwhile we can complement our ideas list. Toomorow, I will post one.

P.S.
We have only two days to finish our application for GSOC 2014.

Sincerely,
Klugier
