Subject: Re: Forum upgraded to 3.0.5
Posted by Klugier on Sat, 05 Apr 2014 16:33:55 GMT

Hello Mirek,

It seems that tree view is still present for unloged user and me too. In my opinion tree view for answers is totally unreadable for common users.

BTW, Will this forum be integrated with Ultimate++ website like previous.

TreeView issue:

Sincerely,
Klugier
