Klugier wrote on Sun, 18 May 2014 16:53Hello Luigi,

Please try to update IDE to the latest Upp version. Some time ago (r7386) we fixed similar bug.

Sincerely,  
Klugier

Hello Klugier,

thank you. I have no jpg plugin package. I suspect the error is somewhere else. With me it localizes it in one of my files.

Just now I verified that the IDE 7298 on Linux does not have such bug.

Luigi

EDIT: with the latest Windows version, 7379, the bug disappeared

EDIT2: but now I see that some dialogs are not translated although the translation is present :roll:
