iST1 wrote on Sat, 21 June 2014 08:52The link is dead. Is there any other examples?
I think the link originally (before forum update) led to this post:
http://www.ultimatepp.org/forums/index.php?t=msg&goto=33 471&&srch=MDI#msg_33471

Also, I think Docking package might be used to do something remotely similar to MDI.

Best regards,
Honza
