FIXED:-

```
MyDlg dlg(this);  
dlg.Open();  
  
Rect pr = GetRect();  
Rect r = dlg.GetRect();  
Size s = r.GetSize();  
  
r.top = pr.top + 10;  
r.SetSize(s);  
  
dlg.SetRect(r);  
dlg.Execute();
```
