FIXED:-

```
MyDlg dlg(this);
```

```
dlg.Open();
```

```
Rect pr = GetRect();
```

```
Rect r = dlg.GetRect();
```

```
Size s = r.GetSize();
```

```
r.top = pr.top + 10;
```

```
r.SetSize(s);
```

```
dlg.SetRect(r);
```

```
dlg.Execute();
```
