Hi ManfredHerr,

I downloaded the zip file and tried to compile it. Nevertheless it seems that something is missing. I get compilation errors due to

```
#include "Schrift_Editor/Schrift_Editor.h"  
#include "Text_Editor/text_editor.h"
```

```
"Sauklaue.h:3:43: fatal error: Schrift_Editor/Schrift_Editor.h: No such file or directory  
#include "Schrift_Editor/Schrift_Editor.h"  
compilation terminated."
```

Please advice,  
Regards,

Rey
