Silvan wrote on Tue, 16 December 2014 09:53 Yes, I found this menu yesterday night and that solved the problem.

Now I want:

- 1) try to debug both in 32 and 64 bit mode.
- 2) clean the MSVC12 directory deleting the unnecessary files and duplicates.

I've wrote you about that option Mon, 15 December 2014 14:24
Last post was kind of duplicate (a picture is worth a thousand words) :)

Good luck with that (1&2).

Best regards,
