Quote:Have you tried with U++ apps as source? (E.g. UWord->MSWord)

Don't recall any Upp app example that exposes imgs to DnD operations for now, so I limited my tests just to texts.

Quote:Actually, from table you have posted, only MS Word -> theide/UWord make me really worried...

Win8.1 - MSC10:

TEXT: UWord -> MSWord = ok.

TEXT: MSWord -> TheIDE = failed.

TEXT: MSWord -> UWord = failed, format DUMP:

* C:\upp\out\examples\MSC10.Debug.Debug_Full.Gui.Mt\UWord.exe 15.01.2015 18:19:00, user: admin

fmt = [text/QTF, Rich Text Format, text/rtf, application/rtf, wtext, text]

Windows 7 - MSC9:

TEXT: UWord -> MSWord = ok.

TEXT: MSWord -> TheIDE = ok.

TEXT: MSWord -> UWord = ok.

Quote:

Note that UWord does not support gif (forgot to add plugin/gif) and bmp format is tricky...

As to what imgs are concerned, I'll be trying just jpeg's though.

Quote:

Another: please try e.g. Firefox or Chrome as source of images.

Windows 8.1 - MSC10:

JPG: Firefox -> UWord = failed, no DUMP generated.

JPG: MSWord -> UWord = failed, no DUMP generated.

Windows 7 - MSC9:

JPG: Firefox -> UWord = ok, DUMP:

* C:\upp\out\examples\MSC9.Debug.Debug_Full.Gui\UWord.exe 15.01.2015 19:00:32, user: admin

fmt = [text/x-moz-url, FileGroupDescriptor, FileGroupDescriptorW, FileContents, UniformResourceLocator, UniformResourceLocatorW, text/x-moz-url-data, text/x-moz-url-desc, text/uri-list, text/_moz_htmlcontext, text/_moz_htmlinfo, text/html, HTML Format, wtext, text, application/x-moz-nativeimage, ¨_b@ 0ó , dib, files, Preferred DropEffect, application/x-moz-file-promise-url, application/x-moz-file-promise-dest-filename, DragImageBits, DragContext]

JPG: MSWord -> UWord = failed, drops just blank image frame, DUMP:

* C:\upp\out\examples\MSC9.Debug.Debug_Full.Gui\UWord.exe 15.01.2015 19:04:35, user: admin

fmt = [Woozle, Object Descriptor, Rich Text Format, HTML Format, text, wtext, "Š ü` û Ó , Embed Source]
