Subject: Re: Image DnD into Upp app
Posted by mirek on Sun, 18 Jan 2015 08:18:52 GMT

Just found this:

 http://www.eightforums.com/general-support/15434-drag-drop-p roblem.html

Any chances you are running theide (and AFAIK the program you launch from theide) in admin mode or something?

The pattern you show indicates right that: you can DnD between theide and uword (I supposed you started it from theide), but not between external application and theide/uword...

Might be interesting to start uword from shell, not theide...
