Hello, Mirek,

Splendid! Almost there...

...works great in Win7 now, but still does not drop jpg from MS Word into UWord in Win8.1. Test output creates a blank data.bin and this fmt LOG:

```
* C:\upp\out\examples\MSC9.Debug.Debug_Full.Gui.Mt\UWord.exe 22.01.2015 17:05:00, user:
admin
fmt = dib
```

DnD jpg from File Explorer into UWord works perfectly in both OS versions.

Any hint on what to try next?

Many thanks!!!
