Hello, Jeff.
jfranks wrote on Sun, 05 April 2015 14:31What can we do regarding this?
I think, you could try to replace DateTimeCtrl with DropDate definition:
ITEM(DropDate, _CalExpDate, LeftPosZ(740, 256).TopPosZ(80, 24))
Based on the source code changes, the DateTimeCtrl was converted to (generic) template class,
where DropDate and DropTime inherits from it.
