(on debian)

-----
First issue in Makefile.in:
lines 107 & 108  - should be tabs before echo, not spaces

-----
Second issue: Compile fails with:

...
IN  ide/About.cpp -o   _out/ide//home/upp/Scripts/GCCMK.bm-Gcc-Gui-Linux-Main-Mt-Po
six-Shared/About.o
In file included from ide/About.cpp:11:0:
./build_info.h:7:28: error: invalid digit "9" in octal constant
 #define bmTIME    Time(15, 09, 24, 10, 24, 50)
                    ^
ide/About.cpp:41:22: note: in expansion of macro 'bmTIME'
  h << "Compiled " << bmTIME << "\n";
               ^
Makefile:7811: recipe for target
'_out/ide//home/upp/Scripts/GCCMK.bm-Gcc-Gui-Linux-Main-Mt-P osix-Shared/About.o' failed
make[1]: ***   [_out/ide//home/upp/Scripts/GCCMK.bm-Gcc-Gui-Linux-Main-Mt-P
osix-Shared/About.o] Error 1
make[1]: Leaving directory '/home/mais/upp_src_download/upp-x11-src-8962/uppsrc'
cp: cannot stat `uppsrc/ide.out': No such file or directory
Makefile:4: recipe for target 'all' failed
make: *** [all] Error 1

-----[edit]
Workaround:
1. replaced spaces with tabs
2. changed (in Makefile.in):
   line 99: "%m%n" to "9%n"
   line 104: "%m" to "9"
and compile succeeded
