You don't need a convert for this, setting the language correct is usually enough:

```
GUI_APP_MAIN
{
    SetLanguage(LNGFromText("IT-IT"));
```

if that doesn't do it try:

```
GUI_APP_MAIN
{
    SetDateFormat("%3:02d/%2:02d/%1:4d");
    SetDateScan("dmy");
```
