There is another C++11 problem. Checked with MSVC2015.

```
One<MFile> mfile;
One<MFile> cur_mfile(new MFile);
mfile = cur_mfile; // <- Upp::One<MFile> &Upp::One<MFile>::operator =(const Upp::One<MFile> &): attempting to reference a deleted function
```

I need to detach value explicitly.

```
mfile = cur_mfile.Detach();
```

Thanks.
