Hello,

Can you be more precise with what example do you have problem. Please provide us package name and errors that you found. It is compilation error or something else. Maybe several packages from bazzar is broken, but examples works fine. Here is examples in TheIDE:

Moreover, you can find examples on our sub-site:

http://www.ultimatepp.org/www\$uppweb\$examples\$en-us.html. I updated several examples by adding description and screen-shot in last month.

Statistics of visits - what do you want to know. How many people uses U++?

Sincerly, Klugier
