Subject: Re: MSC15 and 2014 sources - problem with Stream
Posted by NilaT on Tue, 26 Jul 2016 08:33:16 GMT

Well, it seems like there are more and more problems coming up with MSC15, this time with 2010 sources (in another project).
A simple Format("%s %d", "bla", 1); results in a crash in optimal mode, debug works fine though.
Exception: C0000005 at 150C170
EXCEPTION_ACCESS_VIOLATION
reading at 0000001C

Callstack is in the picture.
Thanks for help.

//edit: Same fix seems to work. I changed Single to:

```
template <class T>
T& Single() {
 #ifndef flagMSC15
 static T *p;
 ONCELOCK {
  static T o;
  p = &o;
 }
 return *p;
 #else
 static T x;
 return x;
 #endif
}
```
